OBJECTIVE

Aspiring Full-Stack .NET Developer with expertise in C#, ASP.NET, .NET Core, SQL, and Angular. Passionate about building scalable web applications, RESTful APIs, and optimizing backend performance. Seeking an opportunity to apply my software development skills in a dynamic and growth-oriented company.

EDUCATION

- **Naresh I Technogoies** 2024 - 2025
Full Stack .Net Core Developer
- **Bachelor Of Information Technology**, Sppu University 2020 - 2024
Sir Visvesvaraya Institute Of Techology, Chincholi, Nashik
- **Higher Secondary School**, Pune University 2018 - 2020
G.M.D. Arts, B.W.Commerce And Science College, Sinnar
- **Secondary School Certificate**, Pune University. 2017 - 2018
New English School, Vadangali.

TECHNICAL SKILLS

- **Programming Languages:** C, C#, ASP.NET, ASP.NET MVC, .NET Core, LINQ
- **Frontend Technologies:** HTML5, CSS3, Bootstrap5, JavaScript, TypeScript, Angular
- **Backend APIs:** REST API, Web API, Entity Framework, Microservices
- **Database Management:** MS-SQL, SQL Server
- **Version Control Tools:** Git, Visual Studio, VsCode
- **Cloud DevOps:** Azure, Docker, CI/CD Pipelines (Basic)

INTERNSHIP

- **Web Development Intern – LetsGrowMore** Dec 2022 - Jan 2023 — Virtual Internship
 - Developed responsive web applications using ASP.NET MVC and SQL Server.
 - Optimized UI/UX with Bootstrap and JavaScript, improving user engagement.
 - Integrated REST APIs to fetch and display dynamic data.
- **Data Science Intern – LetsGrowMore** Feb 2023 - March 2023 — Virtual Internship
 - Analyzed datasets using Python and Pandas to generate insights.
 - Created machine learning models for predictive analysis.
 - Visualized data trends using Matplotlib and Seaborn.LetsGrowMore Virtual Internship Program.
- **C#.NET Intern – Emerging Technology, Nashik** Jan 2023 - March 2023
 - Built enterprise-level applications using C#.NET, ASP.NET MVC, and SQL.
 - Implemented CRUD operations and database connectivity with Entity Framework.
 - Assisted in debugging and performance optimization of .NET applications.

PROJECTS

- **QR Pass Utility – Event Management System**

- Developed an Android app + Web-based dashboard for event visitor tracking.
- Enabled real-time analytics for Aarogyanagari Health Event at Dr. Vaishampayan Memorial Govt. Medical College.
- Improved event attendance tracking by 30% using QR-based authentication.

- **Gym Management System**

- Built a Gym Management System (GMS) for handling memberships, billing, class scheduling, and attendance tracking.
- Developed in ASP.NET MVC with SQL for backend storage.
- Increased operational efficiency by 40

- **Hotel Management System**

- Created an ASP.NET MVC-based hotel booking system with SQL Server backend.
- Allowed users to book rooms, manage reservations, and view booking history.
- Implemented user authentication and role-based access control.

CERTIFICATE

- **3rd Place Winner – Project Expo at Horizon 2024** (Sir Visvesvaraya Institute of Technology, Nashik)
- **Corporate Mentorship Program** (VIOSA Pravara Rural Education Society's Sir Visvesvaraya Institute of Technology)

LANGUAGE

- English
- Hindi
- Marathi

EXTRA-CURRICULAR ACTIVITIES

- **Awarded 3rd Prize in Project Expo at Horizon 2K24**, Sir Visvesvaraya Institute of Technology, Nashik (March 2024).
